Dear visitor,

if you want to bring your site to be included in the World Directory Publy need to register.

Once validated the recording by clicking the link in that email will be sent to you indicated during registration, you will have access to Publy World by logging.

At this point you will have access to **two buttons**, the button "**Suggest site**", which made the proposal of your site, and the button"
Category Suggest
"to propose a possible missing class, where you can enter your site.

What are you waiting! **Register** now and made known on the web.

Summing
